

## Overview

This document provides a detailed guide on how the *Polaad* website is integrated with the Admin Panel. It explains how to manage various website sections dynamically via the Admin Panel, including homepage elements, menus, footers, content pages, and more.

## Common Admin Panel Instructions

Throughout the Admin Panel, the following functionalities are consistent across all modules:

- **Create New Entry:**  
Click the **"Create"** button located at the **top-right corner** of the page to add new data.
- **Edit Existing Entry:**  
Click the **Pencil (  ) Icon** next to any record to edit the existing data.
- **Delete Entry:**  
Click the **Dustbin (  ) Icon** to delete a record. A confirmation prompt will appear before final deletion.
- **Search Functionality:**  
Use the **Search Bar** at the top of the table to quickly find specific records.
- **Filter Options:**  
Use the **Filter Icon** at the top to apply filters based on various fields such as status, date, or category.

## Home Menu

Website URL: [Polaad | Home](#)

## Logo Management

The **Company Logo** displayed at the **top-left corner** of the website is **fully dynamic** and managed through the Admin Panel.

The favicon icon shown in the browser tab (next to the page name) is **dynamic** too

## Company Logo Integration from Admin Panel

Admin Panel Link: [User Sites](#)

Admin menu Navigation Path:

Settings → User Site

- **Functionality:**

- The admin can **upload or update** the **Website Logo** and **Favicon** dynamically from the Company Site settings.

## Menu Header

- The website's **Menu Header** is dynamically managed through the Admin Panel.
- The menus and sub-menus you see on the website will appear in both the **Header**.
- Only **active menus** configured in the admin will be displayed on the website.

## Menu Integration from Admin Panel

**Admin Panel Link:** [Menu Manage](#)

**Admin menu navigation path:**

Menu Manage

## Features in Menu Manage

### View Menu List:

Clicking on the Menu Manage option from the admin side panel displays the complete list of existing menus in a table format.

<input type="checkbox"/>	Name	Parent Name	Link	Visible in Page	Actions
<input type="checkbox"/>	Contact Us		contact	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Gallery		photo-gallery	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Human Resource		human-resource	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Facilities		facilities	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Services		services	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Products		products	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	Blogs	About Us	blogs	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	About Polaad	About Us	about	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	About Us		about	Active	<a href="#">Edit</a> <a href="#">Delete</a>

Admin can **add new menus**, **edit** or **delete** existing menus, and also **search** and **filter** menus as needed.

### Top Right Corner Icons (Static)

The top right corner of the website displays four static icons:

1. **Login Icon** – Opens the login page.

2. **Phone Icon** – Provides contact via phone.
3. **WhatsApp Icon** – Enables contact through WhatsApp.
4. **Language Selector** – Lets users choose the website language.

## Localization Integration from Admin Panel

**Admin Panel Link:** [Languages](#) | [User Sites](#)

**Admin Menu Navigation Path:**

Settings -> User site

Website localization is managed through the **Admin Panel**.

- **Add/Edit/Delete Languages:**  
Navigate to Settings → Language to manage available languages.

The screenshot shows the POLAAD Admin Panel interface. On the left, the 'Settings' menu is highlighted, and the 'Languages' sub-menu is selected. The main content area displays a table titled 'Languages' with 5 results. The table has the following data:

ID	Code	Name	Direction	Actions
7	ar	Arabic	RTL	 
6	mr	Marathi	LTR	 
4	hn	Hindi	LTR	 
3	guj	Gujrati	LTR	 
1	en	English	LTR	 

- **Display Languages on Website:**  
After adding languages, go to Settings → User Site Menu. On the right side of the page, all added languages will be listed with checkboxes.
  - **To display a language:** Check the box beside it.
  - **To set a default language:** Use the dropdown below the language list.

Only selected languages will appear in the website's language selector.

## Banner Images (Homepage Slideshow)

The image or slideshow displayed on the homepage is referred to as **Banner Images**. These images are set dynamically from the **Admin Panel**.

## Banner Images Integration from Admin panel:

Admin Panel Link: [Themes](#)

## Admin Path:

Themes → Home

- In the **Home** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** image\_carousel
  - **Name:** Banner Slider
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Banner will only appear on the website if their **status is set to Active**.

The screenshot shows the POLAAD Admin Panel interface. On the left is a sidebar menu with options like Dashboard, Menu Manage, Products, Pages, Services, Themes (selected), Home, About Us, Products, Services, Facilities, Human Resource, Career, and Contact. The main content area is titled 'Themes' and features a search bar, a 'Filter' button, and pagination controls showing '5 Results', '10' items per page, and '1 of 1' pages. Below this is a table with columns: Sr No, Type, Name, Sort Order, Status, and Actions. The table contains five entries, with the fourth entry, '4 | image\_carousel | banner Slider | 1 | Active', highlighted with a red border. Each row has edit and delete icons in the Actions column.

Sr No	Type	Name	Sort Order	Status	Actions
1	brand_carousel	Satisfied Customer	6	Active	 
2	emission_section	Ton of CO <sub>2</sub> emissions per Ton of Steel Production	4	Active	 
3	animation_section	Animation Section	3	Active	 
4	image_carousel	banner Slider	1	Active	 
5	footer_links	Footer Links	11	Active	 

## Animation Sections (Homepage Animation Images)

The animated sections on the homepage are dynamic and managed through the **Admin Panel**. These are referred to as **Animation Images** and are displayed in two areas on the website.

## Transparency, Integrity and Commitment!

Polaad Steel is known for its core values of effectiveness, integrity, and commitment. We believe in honest and open communication with our customers, partners, and stakeholders. Our goal is to produce the highest quality steel products while offering a wide range of services to various industries. By continuously delivering reliable solutions, we ensure that we meet and exceed the expectations of our customers, contributing to the growth and success of the steel industry. That's why everyone chooses Polaad—building stronger foundations for a sustainable tomorrow.

## Why Polaad?

At Polaad Steel, we believe in building more than just structures - we build trust, transparency and quality. Our steel is known for its exceptional strength, crafted using advanced techniques and equipment to ensure superior durability. Our unique QST process makes our products adaptable to any construction need while maintaining the highest industry standards at every step. Committed to the environment, we minimize waste and actively repurpose materials. Behind this effort stands our dedicated team, working tirelessly to deliver quality for a stronger and greener future.

## Animation section Integration from Admin panel:

Admin Panel Link: [Themes](#)

### Admin Path:

Themes → Home

- In the **Home** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** animation\_section
  - **Name:** Animation Section
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Animation will only appear on the website if their **status is set to Active**.

The screenshot shows the POLAAD Admin Panel interface. On the left is a sidebar menu with 'Themes' selected and 'Home' highlighted. The main content area displays a table of themes. The table has columns for Sr No, Type, Name, Sort Order, Status, and Actions. The row for 'animation\_section' is highlighted with a red border. The status for this theme is 'Active'.

Sr No	Type	Name	Sort Order	Status	Actions
1	brand_carousel	Satisfied Customer	6	Active	
2	emission_section	Ton of CO <sub>2</sub> emissions per Ton of Steel Production	4	Active	
3	animation_section	Animation Section	3	Active	
4	image_carousel	banner Slider	1	Active	
5	footer_links	Footer Links	11	Active	

## Emission Section (Homepage Image)

The **Emission Section** image on the homepage is dynamic and managed through the **Admin Panel**. This section is referred to as the **Emission Section** and is displayed on the website based on the admin's configuration.

## Emission section Integration from Admin panel:

Admin Panel Link: [Themes](#)

### Admin Path:

Themes → Home

- In the **Home** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** emission\_section
  - **Name:** Ton of CO<sub>2</sub> emissions per Ton of Steel Production
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Emission will only appear on the website if their **status is set to Active**.

## About Us Menu

**Website URL:** [Polaad | About Polaad](#)

The **About Us** section on the website contains two submenus:

## 1. About Polaad

Website URL: [Polaad | About Polaad](#)

- Provides detailed information about the company, its vision, mission, and values.
- Content is managed dynamically through the **Admin Panel**.

## About Polaad Integration from Admin panel:

Admin Panel Link: [Themes](#)

### Admin Path:

Themes → About Us

- In the **About Us** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** brochure\_section
  - **Name:** Brochure Section
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Only pages marked as **Active** will be displayed as links on the website.

The screenshot shows the Polaad Admin Panel interface. On the left is a sidebar menu with options: Dashboard, Menu Manage, Products, Pages, Services, Themes (selected), Home, About Us, Products, Services, Facilities, Human Resource, Career, Contact, and Blogs. The main content area is titled 'Themes' and features a search bar, a '4 Results' indicator, a 'Filter' button, and pagination controls (10 Per Page, 1 of 1). Below this is a table with the following data:

Sr No	Type	Name	Sort Order	Status	Actions
1	journey_section	Polaad Jouney	6	Active	[Edit] [Delete]
2	about_section	Vision Mission	8	Active	[Edit] [Delete]
3	brochure_section	Brochure Section	6	Active	[Edit] [Delete]
4	banner_listing	Page Banner	12	Active	[Edit] [Delete]

## About Polaad Subsections

Under the **About Polaad** menu, the following sections are displayed:

## 1. Mission/Vision Integration from Admin panel:

**Admin Panel Link:** [Themes](#)

### **Admin Path:**

Themes → About Us

- In the **About Us** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** about\_section
  - **Name:** Vision Mission
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Only pages marked as **Active** will be displayed as links on the website.

The screenshot shows the admin panel for POLAAD. On the left is a sidebar with navigation options: Products, Pages, Services, Themes (selected), Home, About Us (highlighted in red), Products, Services, Facilities, and Human Resource. The main content area is titled 'Themes' and features a 'Create Theme' button, a search bar, and a table of themes. The table has columns for Sr No, Type, Name, Sort Order, Status, and Actions. The second row, representing the 'about\_section' theme named 'Vision Mission', is highlighted with a red border.

Sr No	Type	Name	Sort Order	Status	Actions
1	journey_section	Polaad Jouney	6	Active	[Edit] [Delete]
2	about_section	Vision Mission	8	Active	[Edit] [Delete]
3	brochure_section	Brochure Section	6	Active	[Edit] [Delete]
4	banner_listing	Page Banner	12	Active	[Edit] [Delete]

## 2. Polaad Values

This section is **static** and not editable from the admin panel.

The screenshot shows the live website for POLAAD. The navigation menu includes Home, About Us (with a dropdown arrow), Products, Services, Facilities, Human Resource, Gallery, and Contact Us. The main content area features a 'VALUES' section with the heading 'Our Core Values that we stand by: :'. Below the heading is a bulleted list of values: P - People First, O - Outstanding Quality, L - Loyalty, A - Advance Technology, A - Adaptability, and D - Diligence. At the bottom of the page, there is a decorative bar with the POLAAD logo and '550D QST'.

## 3. Polaad Journey

A dynamic section showcasing the company's milestones and growth, fully **managed from the Admin Panel**.

## Polaad journey Integration from Admin panel:

**Admin Panel Link:** [Themes](#)

### Admin Path:

Themes → About Us

- In the **About Us** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** journey\_section
  - **Name:** Polaad Jouney
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Only pages marked as **Active** will be displayed as links on the website.

The screenshot displays the POLAAD Admin Panel interface. On the left, a sidebar menu includes 'Products', 'Pages', 'Services', and 'Themes'. Under 'Themes', the 'About Us' option is highlighted with a red box. The main content area is titled 'Themes' and features a search bar, a 'Filter' button, and pagination controls showing '4 Results' and '10 Per Page 1 of 1'. Below this is a table with the following data:

Sr No	Type	Name	Sort Order	Status	Actions
1	journy_section	Polaad Jouney	6	Active	 
2	about_section	Vision Mission	8	Active	 
3	brochure_section	Brochure Section	6	Active	 
4	banner_listing	Page Banner	12	Active	 

#### 4. Polaad Patrika

A quarterly publication containing the director's viewpoints and updates; content is **managed dynamically** from the **Admin Panel**.

## Product details page

**Website URL:** [QST Steel Bar](#)

When a user clicks on a specific product, they are redirected to a dedicated **Product Details** page that provides in-depth information, specifications, and images related to that product.

On the **Product Details** page, two action buttons are available below the product specifications:

The screenshot displays the product details page for QST Steel Bars. At the top, the POLAAD logo is on the left, and navigation links (Home, About Us, Products, Services, Facilities, Human Resource, Gallery, Contact Us) and a search bar are on the right. Below the navigation, the breadcrumb 'Product > QST Steel Bar' is shown. The main content area features a large image of a QST steel bar with 'POLAAD 550D QST' printed on it. To the right of the image, the text describes QST bars as widely used in construction for their strength and reliability. Below the description, the 'Specifications' section lists grades (Fe 415, Fe 500, Fe 550) and standards (IS 1786-2014, ASTM A706, BS 4449). At the bottom of the page, two buttons are visible: 'Make An Inquiry' (highlighted with a red box) and 'View Rate'.

## 1. Make an Enquiry Functionality

Website URL: [Polaad | Contact Us](#)

Allows users to submit a query related to the selected product. When a user clicks on the **Make an Enquiry** button on the Product Details page, they are redirected to the **Contact Us** page. There, the user must fill in all the required information and select a **subject** for the enquiry.

Job application submissions are displayed separately under the **Job Application** menu.

The admin can **view** and **delete** these entries but **cannot edit** them.

## 2. View Rates

Website URL: [Polaad | Daily Rate](#)

The **View Rate** button on the Product Details page redirects the user to the **Today's Rate** page for that specific product.

Rates are displayed **state-wise**, based on the user's selected state.

The screenshot shows the 'Today's Rate' page for Polaad 550D bars. The page features a navigation bar with the Polaad logo and menu items: Home, About Us, Products, Services, Facilities, Human Resource, Gallery, and Contact Us. A search bar is located in the top right corner. The main heading is 'Today's Rate', followed by a decorative bar image and the text 'Per Piece Price Of Polaad 550D Bar'. A prominent blue button displays the 'Basic Rate: 45500'. Below this, a 'Select State' dropdown menu is open, showing options for Karnataka, Gujarat, and Maharashtra. A table below the dropdown lists prices for different bar diameters (6 MM, 8 MM, 10 MM, 14 MM) with a 18% tax rate indicated in the header.

(in mm)	(18 %)
6 MM	183 /-
8 MM	315 /-
10 MM	484 /-
14 MM	949 /-

At the bottom of the **Daily Rates** page, there are two action buttons:

The screenshot shows the POLAAD website interface. At the top, there is a navigation menu with links: Home, About Us, Products, Services, Facilities, Human Resource, Gallery, and Contact Us. A search bar is located on the right with the text 'Search Here'. Below the navigation, a table displays the following data:

18 MM	1567 /-
20 MM	1938 /-
25 MM	3020 /-
28 MM	3789 /-
32 MM	4889 /-
36 MM	6777 /-
40 MM	8642 /-

Below the table, the section is titled **Term & Condition**. It contains two bullet points:

- **Price Fluctuation:** Steel bar prices vary based on market demand, raw material costs, and global trade conditions.
- **GST Inclusion:** The price mentioned includes Goods and Services Tax (GST) as per government regulations.

At the bottom of the section, there are two buttons: **Get a Quote** and **Download**.

1. **Get Quotes** – Redirects the user to the **Contact Us** page to submit an enquiry related to the product rate.
2. **Download** – Allows the user to **download an image file** containing today's rate details.

## " Safe, Sustainable RV Scrapping Solutions "

What happens to bikes or cars older than 15 years? In India, a vehicle's registration certificate is valid for 15 years, requiring renewal every five years thereafter. After 15 years, vehicles must pass a fitness test; if they fail, they are classified as End-of-Life Vehicles (ELVs) and must be scrapped.

Polaad proudly supports the Make in India initiative, contributing to the country's self-reliance in steelmaking while prioritizing environmental safety. We are the first licensed "Registered Vehicle Scrapping Facility" in Maharashtra, dedicated to reducing the number of old, polluting vehicles on the road.

Our comprehensive services include doorstep pick-up, documentation assistance, and efficient scrapping. We ensure proper segregation of vehicle components for recycling, utilizing the steel from these vehicles as raw material for our steel manufacturing processes, thus promoting sustainability and eco-friendly practices.

## Customer Process

The **Customer Process** outlines the step-by-step journey for customers, detailing each stage from enquiry and document submission to receiving the **Certificate of Scrapping**.

## Customer Process Integration with Admin Panel

The admin can access the **Service Advantages** section by navigating to the **Services** menu from the **sidebar** in the Admin Panel.

**Admin Panel Link:** [Services](#)

### Admin Path:

Services

- In the **Service** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** customer\_process
  - **Name:** customer process
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Only pages marked as **Active** will be displayed as links on the website.

The screenshot shows the POLAAD CMS dashboard. On the left is a sidebar menu with options: Dashboard, Menu Manage, Products, Pages, Services (highlighted), Themes, Career, Contact, Blogs, Facilities, Patrika, and Job Applications. The main content area displays a table of 7 search results. The table has columns for Id, Type, Name, Sort Order, Status, and Actions. The row with Id 29, Type 'customer\_process', and Name 'customer process' is highlighted with a red border. Other rows include 'certificate\_section', 'international\_standards', 'images', 'title\_images', 'title\_image', and 'service\_carousel'.

Id	Type	Name	Sort Order	Status	Actions
32	certificate_section	Certificate Section	8	Active	
31	international_standards	QST Bars : Adhering to International Standards	7	Active

### 3. Service: Rebars - International Standards

Website URL: [Polaad | Services](#)

Polaad's rebars meet top **international standards**, ensuring high strength, durability, and global compliance for construction needs.

## QST Bars : Adhering to International Standards

Our QST bars are manufactured to meet the highest international standards, ensuring exceptional quality, durability, and safety for construction projects across various regions.

### Indian Standards

At Polaad, we prioritize adhering to Indian Standards (IS) in the production of our QST bars. Following these standards is essential to ensure the quality and safety of our products, which play a critical role in construction and infrastructure projects across the nation. Our QST bars are manufactured in compliance with BIS 1786-2014 standards, ensuring they meet the strict requirements for processes, strength, durability, and reliability.

[READ MORE](#)

### BSI Standards

In addition to conforming with Indian standards, our QST bars also meet the requirements of BSI (British Standards Institution) standards. This alignment highlights our dedication to international quality benchmarks, offering customers assurance in the reliability and performance of our products. By adhering to BSI specifications such as BS 4449, we ensure that our bars exhibit the required strength, ductility, and weldability—making them ideal for a broad

## QST Bar integration with Admin Panel

The admin can access the **Service Advantages** section by navigating to the **Services** menu from the **sidebar** in the Admin Panel.

**Admin Panel Link:** [Services](#)

### Admin Path:

Services

- In the **Service** section, you'll see a list.  
Look for the Service with:
  - **Theme Type:** international\_standers
  - **Name:** QST Bars: Adhering to International Standards
- From here, the admin can **add**, **edit**, or **delete** themes.

The screenshot shows the POLAAD admin interface. On the left is a sidebar menu with items like Dashboard, Menu Manage, Products, Pages, **Services**, Themes, Career, Contact, Blogs, Facilities, Patrika, Job Applications, RVSF, and Gallery. The main area is titled 'Services' and contains a table of service items. The table has 7 results and includes a search bar, filter, and pagination controls. The table data is as follows:

id	Type	Name	Sort Order	Status	Actions
32	certificate_section	Certificate Section	8	Active	[Edit] [Delete]
31	international_standers	QST Bars : Adhering to International Standards	7	Active	[Edit] [Delete]
30	images	RVSF Process At Polaad	6	Active	[Edit] [Delete]
29	customer_process	customer process	5	Active	[Edit] [Delete]

26	title_image	Advantages	2	Active	[Edit] [Delete]
25	service_carousel	Slider	1	Active	[Edit] [Delete]

## Facilities Menu

**Website URL:** [Polaad | Facilities](#)

The **Facilities Menu** displays an interactive map of Polaad’s key infrastructure units within the Polaad campus. Users can click on labeled areas (e.g., Melt Shops, Mills, Cut & Bend, etc.) to view detailed information about each facility, showcasing their roles, capabilities, and recent developments. The Facilities Menu is dynamically managed through the admin panel

## CUT & BEND

Our Cut and Bend Unit was first established in 2007 under the name "Shashwati Infrastructure" in a joint venture with another rolling mill. In 2016, we set up our own Cut & Bend facility within our campus to meet the growing demand and evolving customer needs in the industry. In 2023, a similar unit named "Dhatu Polaad" was launched in collaboration with a distributor in Vanessa (Surat). In 2024, we expanded our Cut & Bend operations at Jalna to further cater to increasing demand, with the standardization of rings, stirrups, and cut lengths, all of which are now readily available in stock in various length and sizes. This strategic expansion allows us to meet customer requirements

## Facility Integration from Admin Panel

**Admin Panel Link:** [Facility](#)

Admins can manage facilities by navigating to the **Facilities** menu in the sidebar. They can add, edit, or delete facility entries.

**Note:** Only facilities marked as *active* will be displayed on the website.

The screenshot displays the POLAAD Admin Panel interface. On the left is a sidebar menu with options: Dashboard, Menu Manage, Products, Pages, Services, Themes, Career, Contact, Blogs, **Facilities** (highlighted), Patrika, Job Applications, RVSF, Gallery, and Configure. The main content area is titled 'Facility' and shows a table with 14 results. The table has columns for Sr No, Title, Map Title, Image, Status, and Actions. Five facilities are listed, all with an 'Active' status. Each row includes a checkbox, a pencil icon for edit, and a trash icon for delete.

<input type="checkbox"/>	Sr No	Title	Map Title	Image	Status	Actions
<input type="checkbox"/>	1	CUT & BEND	CUT & BEND		Active	<input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/>	2	ZINC UNIT	ZINC UNIT		Active	<input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/>	3	132 KV	132 KV		Active	<input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/>	4	OXYGEN PLANT	OXYGEN PLANT		Active	<input type="checkbox"/> <input type="checkbox"/>
<input type="checkbox"/>	5	SLAG CRUSHER UNIT AND BRICKS	SLAG CRUSHER UNIT AND BRICKS		Active	<input type="checkbox"/> <input type="checkbox"/>

## Human Resource Menu

**Website URL:** [Polaad | Human Resource](#)

Displays current job openings with filters by department and location. Users can view details, apply directly, or submit profiles for future opportunities. This menu is dynamically managed through the admin panel.

**Find Your Dream Job Today!**

**Admin Panel Link:** [Themes](#)

### Admin Path:

Themes → Human Resource

- In the **Products** section, you'll see a list of themes.  
Look for the theme with:
  - **Theme Type:** hr\_listing
  - **Name:** HR Listing (HR)
- From here, the admin can **add**, **edit**, or **delete** themes.

**Note:** Only theme marked as **Active** will be displayed as links on the website.

Open positions are dynamically managed through the admin panel. Administrators can add, update, or remove job postings via the '**Career**' menu located in the sidebar

**Admin Panel Link:** [Career](#)

**Admin Menu:**

Career

**Note:** Only theme marked as **Active** will be displayed as links on the website.

The screenshot shows the POLAAD admin interface. On the left is a sidebar menu with options like Dashboard, Menu Manage, Products, Pages, Services, Themes, Career (highlighted), Contact, Blogs, Facilities, Patrika, Job Applications, RVSF, Gallery, and Configure. The main content area is titled 'Career' and features a search bar with '3 Results', a filter dropdown, and pagination controls. Below this is a table with columns for selection, Sr No, Title, location, Department, Position, Status, and Actions.

<input type="checkbox"/>	Sr No	Title	location	Department	Position	Status	Actions
<input type="checkbox"/>	1	Quality Control Engineer – Steel Manufacturing	Jalna	Production	Quality Control Engineer	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	2	Sales Executive – Industrial Steel Products	Jalna	Marketing and Sales	Sales Executive	Active	<a href="#">Edit</a> <a href="#">Delete</a>
<input type="checkbox"/>	3	Production Engineer – QST Steel Division	Jalna	Production	Production Engineer	Active	<a href="#">Edit</a> <a href="#">Delete</a>

## Gallery Menu

**Website URL:** [Polaad | Gallery](#)

This is the **Polaad Gallery** page, showcasing categorized images of the company’s activities and achievements. Users can explore sections like Environment, Manufacturing, and Social Activities, and download images directly from the gallery. This menu is dynamically managed through the admin panel.

## Gallery Integration with Admin Panel

**Admin Panel Link:** [Gallery Category](#)

Admins can access the *Gallery* menu from the sidebar, which includes two submenus: **Category** and **Gallery**.

- First, the admin must add at least one category, which can be edited or deleted as needed.

The screenshot shows the POLAAD web application interface. The sidebar on the left contains navigation options: Pages, Services, Themes, Career, Contact, Blogs, Facilities, Patrika, Job Applications, RVSF, Gallery, Configure, Daily Rate, and Settings. The 'Gallery' menu item is highlighted, and its sub-menu 'Category' is also highlighted. The main content area displays the 'Gallery Category' management screen. It features a search bar, a 'Filter' button, and a table with 13 results. The table has columns for 'Parent Name', 'Name', 'Position', and 'Actions'. Each row in the table has a checkbox and edit/delete icons in the 'Actions' column.

<input type="checkbox"/>	Parent Name	Name	Position	Actions
<input type="checkbox"/>	test	sub test	0	
<input type="checkbox"/>		test	0	
<input type="checkbox"/>	Social Activities	Planetarium	0	
<input type="checkbox"/>		Cut & Bend	0	
<input type="checkbox"/>		Excellence (Training and Development)	0	
<input type="checkbox"/>		Awards & Recognition	0	
<input type="checkbox"/>		Factory Visits	0	
<input type="checkbox"/>		Key Projects	0	
<input type="checkbox"/>		Marketing Activities	0	

- After creating categories, images can be uploaded under each category via the *Gallery* submenu.
- Additional features include:
  - **Image Compression:** A toggle option to automatically compress uploaded images.
  - **Copyright Watermark:** If enabled, a watermark will appear on images when users download them.

## Contact Us Menu

**Website URL:** [Polaad | Contact Us](#)

The *Contact Us* menu on the website provides users with a simple way to reach out to the Polaad team. It typically includes a contact form for inquiries, along with essential details such as the company's address, phone number, email, and a map for location guidance.

**Contact Us**
